

antriminvestments.com

Why top brokers choose Antrim.

ANTRIM
INVESTMENTS

Speed

No one in the industry moves faster than Antrim.

Commitments are issued in hours, not days. Brokers come to us when time is critical—often after they've exhausted every other bank or A-lender option.

When others can't get it done fast enough, Antrim gets to work.

Open terms are standard

No prepayment penalties.

Open terms are the standard at Antrim, with no prepayment charge. That gives borrowers the flexibility to repay their loan when it makes sense for them.

Renew into open terms

Every Antrim mortgage renews into an open 1-year term.

At Antrim, every mortgage renews into an open 1-year term, giving borrowers the flexibility to repay their loan at any time without a prepayment penalty. A simple 15 bps renewal fee applies.

A simplified application process

**No red tape.
No unnecessary hurdles.**

Our application process is straightforward and efficient. No bank account information required and no unnecessary bureaucracy slowing down the deal.

Send us the file. We'll take it from there.

No good faith deposits

No money required upfront to get the deal moving.

Antrim does not require good faith deposits, making it easier for brokers to present financing options without asking their clients to put money on the line before the deal is instructed.

Aggressive lending limits

Sliding scale updated to meet today's lending needs.

Higher limits give borrowers greater flexibility to access the financing they need.

You set your own fee

Your relationship. Your fee.

Brokers have the flexibility to set their own fee. You know the value you bring to your client and the deal—Antrim gives you the freedom to structure your compensation accordingly.
